International Fly-In & Expo
April 5 - 10, 2016
Lakeland Linder Regional Airport
Lakeland, Florida

[Official Site](#)

Join us at Sun N Fun

April 5-10 at Lakeland Linder Regional Airport

Right in our backyard, Sun N Fun promises to be bigger and better than ever. Whether flying in to Lakeland, Florida for the week or just a day, don't miss the Searey booth in the manufacturers exhibition of the show. Learn about the newest Searey aircraft, flight training, and pick up some Searey swag.

To schedule a demo flight in the Searey Elite at the show, contact kevin.oaks@searey.com and include "SNF DEMO REQUEST" in the subject line of your email!

Searey Now Exporting LSA Aircraft to China

The First 11 Seareys for Chinese customers are on their way to Mainland China! In late 2015, we received Production Certificate and Type Design Approval from the Civil Aviation Authority of China (CAAC - their version of the FAA).

Progressive Aerodyne is the first US manufacturer of Light Sport Aircraft to receive these certifications. All the China airplanes will be manufactured and test flown at the Tavares, FL factory, then shipped to China. This is a huge accomplishment for us and a very big win for American manufacturing!

Pre-owned and New Searey Elites Available

We have one new and one preowned Searey Elite available for immediate delivery. Unless they sell first, both will be on display at Sun N Fun! Stop waiting and start flying!

New: Searey Elite, Rotax 914, serial #1050, factory red paint scheme, Garmin 796, salt water treatment, keel guard.
\$159,550

Pre-owned: 2014 Searey Elite, Rotax 914, serial #1010 with 165 hours. Garmin 796 and installed GDL39, salt water treatment, keel guard. Annual July 2015. Maintained by Progressive Aerodyne since new.
\$149,000

For more information on these aircraft or to order a new Searey to your specifications, contact Kevin at Progressive Aerodyne; 407-620-3393 sales@searey.com
