- 2" EGT
- 2" Fuel Gauge
- 2" Slip Indicator
- STS AV7600 VOR Handheld Com
- David Clark Headset (1)
- Sospenders (1)

Aircraft is being sold 'as is'. What does this aircraft need? New landing gear boots, approximately \$125.00 and 2 hrs labor to change out. The Ivo Prop tapes will need replacing soon, and possibly a new battery. Aircraft is out of annual, however I'm willing to assist the buyer with an annual. The aircraft registration (N284C) has just expired, re-registration is pending.

Aircraft is based at X21, Arthur Dunn Airpark on the East Coast of FL. Asking price is \$20,000.00, will entertain offers. Owner unable to fly, health forces sale.
